

Monday 5th February

Dear Parent/Carer,

Year 9 Options Subject Taster Day and Options Information Evening – Thursday 7th March 2024

We are looking forward to the Options Subject Taster Day for the Year 9 students on Thursday 7th March followed by the Options Information Evening from 5.45pm – 8pm for parents/carers and students.

During the day, each student will have the opportunity to attend four Option Subject Taster Sessions and in the evening parents/carers and students will learn more about the Options process whilst having the opportunity to experience presentations from each subject teacher. We do recommend that students attend the evening event with their parent/carer however it is not compulsory.

Before the Options Subject Taster Day, all students need to select four taster sessions. These subjects do not need to be their final choices, it is purely for them to understand more about a subject they may be interested in studying. The deadline for this is 5pm on **Friday 9th February 2024**.

For students to make their Options Subject Taster Session choices please follow the procedure below. There is no priority given to those completing this process early, therefore please take your time before submitting your choices.

To submit their choices your child will need to complete the form using this link:

<https://forms.office.com/e/n7geScg5VM>

The Year 9 Options Booklet with information about core and option subjects is available on the school website and can be accessed via this link <https://cgss.co/optionsbooklet>. Please ensure you carefully read the booklet and discuss the option subjects with your child before completing the form.

If you have any questions regarding the above, please do not hesitate to contact me by emailing options@coxgreen.com

Yours sincerely

Mr A Shields
Deputy Head Teacher
